

# Beezee Summer Programme Questionnaire

This year, as part of Beezee's ongoing development, we are looking to launch a **new summer programme** for families!

To help us plan this programme, we are seeking help from the people most important to us – YOU, the community! Your thoughts, feelings and experiences are at the heart of what we do, and by taking part in this feedback, you will be helping families and communities to access our support and to elevate the voices and needs of the Gloucestershire communities.

The questionnaire takes less than 3 minutes to complete!

The feedback you provide us with will be treated anonymously.
