Suggested long-term plan: A&D and D&T - Overview (Year 1-3)	3
Suggested long-term plan: A&D and D&T - Overview (Year 4-6)	4
Why have we chosen to include these Art and design units?	5
Why have we chosen to include these Design and technology units?	6
Suggested long-term plan: A&D and D&T - Outline (KS1)	7
Suggested long-term plan: A&D and D&T - Outline (Lower KS2)	8
Suggested long-term plan: A&D and D&T - Outline (Upper KS2)	9

Suggested long-term plan: A&D and D&T - Overview (Year 1-3)

As our units are shorter than six weeks, we have added some suggestions for stand-alone lessons.

	Autumn term		Spring term		Summer term		Stand alone lessons
	Design and technology	Art and design	Design and technology	Art and design	Design and technology	Art and design	
Year 1	Structures: Constructing windmills (4 lessons)	Drawing: Make your mark (5 lessons)	Textiles: Puppets (4 lessons)	Sculpture and 3D: Paper play (5 lessons)	Food: Fruit and vegetables (4 lessons)	Painting: Colour splash (5 lessons)	Design and technology Unit: Mechanisms: Making a moving story book (Lesson 1) Art and design Unit: Craft: Embellishments - coming soon! (Lesson 1, 2 and/or 3)
Year 2	Art and design	Design and technology	Art and design	Design and technology	Art and design	Design and technology	Design and technology Unit: Food: A balanced diet (Lesson 1) Art and design Unit: Drawing: Tell a story (Lesson 2, 4 and/or 5)
	Craft and design: Map it out (5 lessons)	Structures: Baby bear's chair (4 lessons)	Painting and mixed media: Beside the seaside - coming soon! (5 lessons)	Mechanisms: Fairground wheel (4 lessons)	Sculpture and 3D: Clay houses (5 lessons)	Mechanisms: Making a moving monster (4 lessons)	
Year 3	Design and technology	Art and design	Design and technology	Art and design	Design and technology	Art and design	Design and technology Unit: Textiles: Cross-stitch and appliqué (Lesson 1) Unit: Mechanical systems: Pneumatic toys (Lesson 1 and/or 2) Art and design Unit: Painting and mixed media: Prehistoric painting (Lesson 1, 3 and/or 4)
	Food: Eating seasonally (4 lessons)	Drawing: Growing artists (5 lessons)	Digital world: Electronic charm (4 lessons)	Craft and design: Ancient Egyptian scrolls (5 lessons)	Structures: Constructing a castle (4 lessons)	Sculpture and 3D: Abstract shape and space - coming soon! (5 Lessons)	

Suggested long-term plan: A&D and D&T - Overview (Year 4-6)

As our units are shorter than six weeks, we have added some suggestions for stand-alone lessons.

	Autumn term		Spring term		Summer term		Stand alone lessons
	Art and design	Design and technology	Art and design	Design and technology	Art and design	Design and technology	
Year 4	Drawing: Power prints (5 lessons)	Structure: Pavilions (4 lessons)	Painting and mixed media: Light and dark (5 lessons)	Mechanical systems: Making a slingshot car (4 lessons)	Craft and design: Fabric of nature (5 lessons)	Electrical systems: Torches (4 lessons)	Design and technology Unit: Food: adapting a recipe (Lesson 1) Unit: Textiles: Fastenings (Lesson 1) Art and design Unit: Sculpture and 3D: Mega materials (Lesson 1, 2 and/or 5)
Year 5	Design and technology	Art and design	Design and technology	Art and design	Design and technology	Art and design	Art and design Unit: Craft and design: Architecture (Lesson 3, 4 and/or 5)
	Electrical systems: Doodlers (4 lessons)	Sculpture and 3D: Interactive installation (5 lessons)	Mechanical systems: Making a pop-up book (4 lessons)	Drawing: I need space (5 lessons)	Food: What could be healthier? (4 lessons)	Painting and mixed media: Portraits (5 lessons)	
Year 6	Art and design	Design and technology	Art and design	Design and technology	Art and design	Design and technology	Art and design Unit: Painting and mixed media: Artist study (Lesson 1, 4 and/or 5)
	Craft and design: Photo opportunity (5 lessons)	Textiles: Waistcoats (4 lessons)	Drawing: Make my voice heard (5 lessons)	Structure: Playgrounds (4 lessons)	Sculpture and 3D: Making memories (5 lessons)	Digital world: Navigating the world (4 lessons)	

Why have we chosen to include these **Art and design** units?

All Kapow Primary **Art and design** units provide coverage of the national curriculum so that you could choose any combination of units to suit your school. We have suggested retaining the three units per year group that give the best overall skills coverage when combined with the Design and technology units.

The Art and design units have been given the titles Drawing, Painting and mixed media, Sculpture and 3D and Craft and design to make skills progression within the spiral curriculum more easily identifiable. However, it is important to remember that skills in Art and design flow between units; the curriculum has been designed to be holistic.

You will find that, for example, drawing skills appear in almost every unit; children may apply what they have learned about mixed-media to a task in a Sculpture and 3D unit, and so on. When identifying skills for assessment, it will help to consider skills coverage from across all the units taught within the year group.

Because our Art and design units are designed to take five lessons, we have also included some suggestions for stand alone lessons which you could use if you find that you have lessons 'to spare.' Please note that the skills and knowledge from these stand alone lessons is **not** included on the *Progression of knowledge and skills – combined*.

Drawing

- Exploring mark-making in all its forms, experimenting with line, tone and texture and using a wide range of materials to express their ideas as drawings.
- Using sketchbooks to record observations and plans as drawings.
- Learning about how artists develop their ideas using drawings.

Painting and mixed media

- Developing painting skills including colour mixing, painting on a range of surfaces and with different tools.
- Exploring the interplay between different media within an artwork.

Sculpture and 3D

- Investigating ways to express ideas in three-dimensions.
- Constructing and modelling with a variety of materials, shaping and joining materials to achieve an outcome.
- Developing drawn ideas into sculpture.

Craft and design

- Designing and making art for different purposes, considering how this works in creative industries.
- Learning new making techniques, comparing these and making decisions about which to use to achieve a particular outcome
- Developing personal, imaginative responses to a design brief

Why have we chosen to include these Design and technology units?

For Design and technology, we had to make some difficult decisions about which units to include and which to omit. We have carefully selected units to ensure gradual progression towards the National curriculum end of key stage attainment targets and to cover all of the five strands shown below in enough detail.

Some key areas appear less frequently than others, for example Textiles, and this is deliberate. The National curriculum statements below show that working with textiles is only a small element of the Make strand and many of the making techniques covered in our Textiles units are also covered with a range of materials in other units, such as the use of templates, modelling, measuring and marking out, cutting, shaping and joining.

Make (KS1)	Make (KS2)
select from and use a range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing] select from and use a wide range of materials and components, including construction materials, textiles and ingredients, according to their characteristics	select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities

Similarly in Year 2, the coverage of key areas is deliberately imbalanced as there are two Mechanisms units. This is because there is strong progression between the Y1 Structures: Constructing a windmill and the Y2 Mechanisms: Fairground wheel and then again with the Y2 Mechanisms: Making a moving monster. To omit one of these units would negatively impact on the progression.

Because our Design and technology units are designed to take four lessons, we have also included some suggestions for stand alone lessons which you could use if you find that you have lessons 'to spare.' Please note that the skills and knowledge from these stand alone lessons is **not** included on the *Progression of knowledge and skills – combined*.

	Year 1	Year 2
Autumn term	<u>Structures: Constructing windmills</u> Designing, decorating and building a windmill for their mouse client to live in, developing an understanding of different types of windmill, how they work and their key features.	<u>Craft and design: Map it out</u> Responding to a design brief, children create a piece of art that represents their local area using a map as their stimulus. They learn three techniques for working creatively with materials and at the end of the project, evaluate their design ideas, choosing the best to meet the brief.
	<u>Drawing: Make your mark</u> Developing observational drawing skills when exploring mark-making. Children use a range of tools, investigating how texture can be created in drawings. They apply their skills to a collaborative piece using music as a stimulus and investigate artists Bridget Riley and Zaria Forman.	<u>Structures: Baby bear's chair</u> Using the tale of Goldilocks and the Three Bears as inspiration, children help Baby Bear by making him a brand new chair. When designing the chair, they consider his needs and what he likes and explore ways of building it so that it is strong.
Spring term	<u>Textiles: Puppets</u> Exploring different ways of joining fabrics before creating their own hand puppets based upon characters from a well-known fairytale. Children work to develop their technical skills of cutting, glueing, stapling and pinning.	<u>Painting and mixed media: Beside the seaside - coming soon!</u> Taking seaside paintings and impressionist painters as a starting point, pupils investigate how mixing a wider range of colours contributes to different effects. They explore surface texture when selecting and combining materials to make their final piece.
	<u>Sculpture and 3D: Paper play</u> Creating simple three dimensional shapes and structures using familiar materials, children develop skills in manipulating paper and card. They fold, roll and scrunch materials to make their own sculpture. There are opportunities to extend learning to make a collaborative sculptural piece based on the art of Louise Bourgeois.	<u>Mechanisms: Fairground wheel</u> Designing and creating their own Ferris wheels, considering how the different components fit together so that the wheels rotate and the structures stand freely. Pupils select appropriate materials and develop their cutting and joining skills
Summer term	<u>Food: Fruit and vegetables</u> Handling and exploring fruits and vegetables and learning how to identify which category they fall into, before undertaking taste testing to establish their chosen ingredients for the smoothie they will make a design packaging for.	<u>Sculpture and 3D: Clay houses</u> Developing their ability to work with clay, children learn how to create simple thumb pots then explore the work of sculptor Rachel Whiteread and apply her ideas in a final piece that uses techniques such as cutting, shaping, joining and impressing into clay.
	<u>Painting and mixed media: Colour splash</u> Exploring colour mixing through paint play, children use a range of tools and work on different surfaces. They create paintings inspired by Clarice Cliff and Jasper Johns.	<u>Mechanisms: Making a moving monster</u> After learning the terms; pivot, lever and linkage, children design a monster which will move using a linkage mechanism. Children practise making linkages of different types and varying the materials they use to bring their monsters to life.

	Year 3	Year 4
Autumn term	<u>Food: Eating seasonally</u> Discovering when and where fruits and vegetables are grown. Learning about seasonality in the UK and the relationship between the colour of fruits and vegetables and their health benefits by making three dishes.	<u>Drawing: Power prints</u> Using everyday electrical items as a starting point, pupils develop an awareness of composition in drawing and combine media for effect when developing a drawing into a print.
	<u>Drawing: Growing artists</u> Using botanical drawings and scientific plant studies as inspiration, pupils explore the techniques of artists such as Georgia O'Keefe and Maud Purdy to draw natural forms, becoming aware of differences in the choice of drawing medium, scale and the way tonal shading can help create form.	<u>Structure: Pavilions</u> Exploring pavilion structures, children learn about what they are used for and investigate how to create strong and stable structures before designing and creating their own pavilions, complete with cladding.
Spring term	<u>Digital world: Electronic charm</u> Designing, coding, making and promoting a Micro:bit electronic charm to use in low-light conditions. Children develop their understanding of programming to monitor and control their products.	<u>Painting and mixed media: Light and dark</u> Developing colour mixing skills, using shades and tints to show form and create three dimensions when painting. Pupils learn about composition and plan their own still life to paint, applying chosen techniques.
	<u>Craft and design: Ancient Egyptian scrolls</u> Learning about the way colour, scale and pattern influenced ancient Egyptian art, children explore the technique of papermaking to create a papyrus-style scroll. Ideas are extended to create a modern response by designing a 'zine'.	<u>Mechanical systems: Making a slingshot car</u> Transforming lollipop sticks, wheels, dowels and straws into a moving car. Using a glue gun to, making a launch mechanism, designing and making the body of the vehicle using nets and assembling these to the chassis.
Summer term	<u>Structures: Constructing a castle</u> Learning about the features of a castle, children design and make one of their own. Using configurations of handmade nets and recycled materials to make towers and turrets and constructing a base to secure them.	<u>Craft and design: Fabric of nature - coming soon!</u> Developing skills in textile techniques, pupils explore the beauty of the natural world to create stunning visual art inspired by the striking colours, pattern and textures of bird and insect life.
	<u>Sculpture and 3D: Abstract shape and space - coming soon!</u> Exploring how shapes and negative spaces can be represented by three dimensional forms. Manipulating a range of materials, children learn ways to join and create free standing structures inspired by the work of Anthony Caro and Ruth Asawa.	<u>Electrical systems: Torches</u> Applying their scientific understanding of electrical circuits, children create a torch, designing and evaluating their product against set design criteria.

	Year 5	Year 6
Autumn term	<u>Electrical systems: Doodlers</u> Explore series circuits further and introduce motors. Explore how the design cycle can be approached at a different starting point, by investigating an existing product, which uses a motor, to encourage pupils to problem-solve and work out how the product has been constructed, ready to develop their own.	<u>Craft and design: Photo opportunity</u> Exploring photography as a medium for expressing ideas, pupils investigate scale and composition, colour and techniques for adapting finished images. They use digital media to design and create photographic imagery for a specific design brief.
	<u>Sculpture and 3D: Interactive installation</u> Using inspiration of historical monuments and modern installations, children plan by researching and drawing, a sculpture to fit a design brief. They investigate scale, the display environment and possibilities for viewer interaction with their piece.	<u>Textiles: Waistcoats</u> Selecting suitable fabrics, using templates, pinning, decorating and stitching to create a waistcoat for a person or purpose of their choice.
Spring term	<u>Mechanical systems: Making a pop-up book</u> Creating a four-page pop-up storybook design incorporating a range of mechanisms and decorative features, including: structures, levers, sliders, layers and spacers.	<u>Drawing: Make my voice heard - coming soon!</u> Exploring art with a message, children look at the famous 'Guernica' by Picasso and the confronting works of Käthe Kollwitz. They develop their drawings to incorporate new surfaces, a range of techniques and demonstrate an emerging personal style.
	<u>Drawing: I need space - coming soon!</u> Developing ideas more independently, pupils consider the purpose of drawings as they investigate how imagery was used in the 'Space race' that began in the 1950s. They combine collage and printmaking to create a piece in their own style.	<u>Structure: Playgrounds</u> Designing and creating a model of a new playground featuring five apparatus, made from three different structures. Creating a footprint as the base, pupils visualise objects in plan view and get creative with their use of natural features.
Summer term	<u>Food: What could be healthier?</u> Researching and modifying a traditional bolognese sauce recipe to make it healthier. Children cook their healthier versions, making appropriate packaging and learn about farming cattle.	<u>Sculpture and 3D: Making memories - coming soon!</u> Documenting their memories of their time at primary school, children select their favourite art and design skills and techniques to design and create a 3D artwork to represent these memories.
	<u>Painting and mixed media: Portraits</u> Investigating self-portraits by a range of artists, children use photographs of themselves as a starting point for developing their own unique self-portraits in mixed-media.	<u>Digital world: Navigating the world</u> Programming a navigation tool to produce a multifunctional device for trekkers. Combining 3D objects to form a complete product in CAD 3D modelling software and presenting a pitch to 'sell' their product.

This page shows recent updates to this document.

Date	Update
08.06.22	Replaced the Year 5 unit <i>Electronic greetings cards</i> with <i>Doodlers</i> p.4 and p.7
05.07.22	Updated Art and design links to reflect the units now available. Updated the description of <i>Tell a story</i> (p.5) and <i>Growing artists</i> (p.6)
06.07.22	Added rationale for selection of units
29.08.22	Updated Art and design links to reflect the units now available.
12.09.22	We have updated our suggestion for which units to include in our <i>Long-term plan</i> – <i>combined</i> in response to customer feedback about time available.
28.09.22	Swapped Year 3 Spring and Summer unit for Art.
