

English

During term 1, we will be enjoying the book: Kesnake's Kingdom. Using the text as an inspiration, we will be writing the following

- A dramatic poem
- A story from another perspective
- A biography

During term 2, our class text will be reading 'The Viewer' and writing the following:

- Diary
- Character description
- Alternative ending

Computing

Term 1: Computer systems and networks

Term 2: Web page creation

Maths

Over the coming two terms, we will continue to learn about the different areas of the maths curriculum.

Term 1:
Place value
Four operations

Term 2:
Fractions
Geometry

French

Term 1: At school

We will be improving our French knowledge by building on our understating of the classroom

Term 2: At home

In the second term, we shall be looking at describing the layout and function of different rooms in the home.

Science

Electricity

During this unit we will be investigating electricity and circuits. Looking at how they work, series and parallel circuits; conductors and insulators and well as the importance of working safely.

Light

During this unit we shall be investigating light and its properties.

History

During our history lessons this term, we shall be looking at crime and punishment in Britain from the middle ages to the present day

- How do we know about crime in the middle ages?
- Can stories such as Robin Hood tell us about crime and punishment?
- What is the link between food scarcity and crime?
- How have punishments changed?
- Is the way we tackle crime more effective now?

Music

For our music lessons in both terms, we will be following a scheme called Charanga. We will be singing; playing tuned and un-tuned instruments; as well as listening to and appreciating a range of genres

Mr Woodcock – Herons

Year 6

Autumn Term

Art / DT

Term 1: Photography.

In this unit we shall be exploring different photographic techniques as well as photomontages and macro-photography. We will be looking at famous artists in the area and comparing their work.

Term 2: Textiles

In this unit we shall be creating our own waistcoats!

PE

PE to be taught by Mr Davies (Pro Stars). Orienteering, athletics and striking and fielding games will be taught during the next two terms.
