

Action Plan

Topic 1

Eco-Schools Topic	Biodiversity
Aim Write a short explanation of what you hope to achieve.	We aim to improve the biodiversity of our grounds by planting new plants to support wildlife and creating new wildlife habitats. We aim to develop pupils understanding of the importance of looking after plants and animal habitats.
Action(s) Add actions you are going to take/projects you will deliver to achieve your aim. Include delivery dates to set yourself a timeline.	<ul style="list-style-type: none"> - Help hedgehogs by creating a new hedgehog home to place in our school grounds. (Nov 25) - Placing new bird feeders in our school grounds. (Oct 25) - Planting new flowering plants and herbs to attract bees. (April/May 26) - Plant new trees in our school grounds. (Sep 25) - Develop pupils understanding of the importance of looking after plants and animal habitats. (Eco week) - Work closely with garden club to plant new plants in our garden area to improve biodiversity. (Throughout the year) - Maintain the schools bug hotels.
Informing & Involving Explain how you are going to promote your activities and involve your school community.	<ul style="list-style-type: none"> - Eco week - Seesaw posts of activities linking to biodiversity - Eco board.
Monitoring & Evaluation Consider how you will monitor the impacts of your projects and evaluate their success.	<ul style="list-style-type: none"> - Record notable wildlife sightings / plant arrivals as evidence of impact - Record the new habitat features created.

Action Plan

Topic 2

Eco-Schools Topic	Marine
Aim	We aim to raise awareness of how we can help to care for marine life. We will also aim to reduce the amount of single- use plastic being used.
Action(s)	<ul style="list-style-type: none">- Litter picks to identify what plastic is being thrown in our local area.- Recycling plastic through reusing it for art in school (Eco week)- Raise awareness of the importance of looking after marine wildlife.- Monitor the use of reusable water bottles in the school - class plastic monitors.- Using plastic to create a piece of artwork to display.- EYFS to use recycled materials in junk modelling to create their own crafts.- Talk to School council about a possible fundraiser.
Informing & Involving	<ul style="list-style-type: none">- Seesaw and tapestry posts relating to Marine actions.- Eco week.- Eco board
Monitoring & Evaluation	<ul style="list-style-type: none">- Artwork creations.- Plastic waste reduced in school.- Litter pick - reduced plastic

Action Plan

Topic 3

Eco-Schools Topic	School Grounds
Aim	<ul style="list-style-type: none">- We aim to improve and maintain our school grounds and take learning outdoors. We aim to create links with parents through our gardening club.
Action(s) Linked to our actions for biodiversity	<ul style="list-style-type: none">- Plant new trees in the school grounds (Sep 25)- Continue to develop links with the gardening club.- Hub to plant new plants in their planters in their outdoor area.- Speak to teachers about opportunities to take learning outdoors.- Maintain school grounds by completing regular litter picks.- Support Mr Swanson in maintaining the amphitheatre learning area.
Informing & Involving	<ul style="list-style-type: none">- Eco board.- Seesaw and tapestry posts.
Monitoring & Evaluation	<ul style="list-style-type: none">- Increased appearance of school grounds.
