

School Vision: Together We Grow, Achieve And Celebrate

We show the value of **COURAGE** in our learning through the learning behaviour of

Risk-Taking means trying new, difficult or challenging things.

To show risk-taking in my learning, I can:

- Work with new or unfamiliar people.
- Work in a new or unfamiliar place.
- Try a new or different way of working.
- Give things a try by myself.
- Choose a level of challenge that is right for me.

To be a risk-taker, I need to:

- View challenges and mistakes positively.
- Understand that challenges help me learn and grow my brain.
- Be willing and open to trying new, difficult or challenging things.
- Accept that any nervous feelings are okay & know how to manage them.
